CE 0481

Specification of staples

Tangible turning marks reduce the chance of a maloperation

Suturehole for tissue fixation

Visible indicator makes it easier for the operator to keep the triggering range between 1.5 mm — 2.5 mm

Unique hardened chopping ring provides precise cutting of tissue resulting in a loud clicking noise

Articel No.	Protector Colour	Staple Amount	Outer Ø*	Inner Ø *	Leg Height*
WH-Y-17	white	16	17	10	3,8
WH-Y-21	yellow	20	21	14	4,5
